

**Play value**

Our playscapes have been designed especially for day-care centres. They consist of individual modules which can be freely varied and combined to suit individual needs. We create exciting and diverse playscapes from platforms and different wooden boxes that can be filled with water, plants, play sand or balls. The system is complemented by sun sails which can be mounted in a number of ways.

**Fundamental characteristics**

- foundations not available
- friendly appearance
- child-oriented dimensions according to ergonomic criteria
- the space-defining design appeals to the senses
- numerous play offers
- sunshade

**Suitable**

- only for supervised small children's areas of:  
day nurseries/kindergartens,  
child therapy centres, etc.

**Technical information**

equipment made of non-impregnated mountain larch

**core-free timber**

sawn-timbers core-free, thus decreasing occurrences of cracking

**anchoring to the ground**

all parts used for anchoring to the ground made of hot-dip galvanised steel

metal tub

**Dimensions**

(small deviations possible)

height	0.40/0.50 m
length	1.10 m
width	1.10 m
weight	
plant box low	65 kg
plant box high	80 kg
play box	65 kg
water box low	95 kg
water box high	110 kg

Please refer to the price list for a more detailed explanation of the quality characteristics.

safety check according to EN 1176

**Components**

- 1 play box without content
- 1 water box with metal tub and overflow
- 1 plant box with planting fleece

each with steel feet for fixation with bolts

**Installation information**

Surfacing requirements corresponding to a fall height of  $\leq 0.60$  m (please refer to price list for more detailed information)

foundations  
no foundations required

**Attention:**  
**Exact measurements may vary; for all installation dimensions refer to current assembly instructions.**

Technical changes reserved.
